## House Building

Q: Can you think of any stories where a house was built? What happened/What did we learn from the story?

## Talking Points:

Q: If you were to build a house, what material would you choose for walls?  
Why?

Q: If you were to build a house, what material would you choose for windows?  
Why?

Q: If you were to build a house, what material would you choose for a roof?  
Why?
